Case Or Citation Number:

Clerk Division: Civil Division

Comment: I am the assistant to Dr. Tabitha Johnson, Family and Marriage Therapist and we are trying to verify that the affidavit for her to be a registered premarital course provider in Orange County has been received. This information has been sent from our office a couple of times and Dr. Johnson has not been added to the list of providers online. We want to include Orange County in our advertising but, we do not want to do that until we have confirmation that Dr. Johnson is an approved provider in Orange Co. Any insight or help that you can give to help in this process would be greatly appreciated.

Thank you,

Ida Fish
